

Foundation Report
19 March

It would be wonderful if all of California's fiscal trouble could be easily solved, but unfortunately we know that ultimately the state's money problems are going to affect libraries, most likely in the form of the reduction of staff and loss of open hours to serve the public.

The Board of the Library Foundation is moving ahead with its Access Campaign to raise at least \$25,000 for the purpose of improving and increasing online services of the County Libraries, providing WiFi for all branches, and offering training for how to access the 24/7 library.

You may have seen the press release featured in the "New Times," and heard Bob Alberti's and Brian Reynold's interview on KCBX radio with Guy Rathmun.

We have an elegant new logo that really spiffs up our brochure, and will be following up the recent publicity with donation request letters.
